Mr. Bert Smith, Superintendent and Members of the  
Ware County Board of Education

Ladies and Gentlemen

We have audited the Special Purpose Local Option Sales Tax (SPLOST) records and operations of the Ware County Board of Education (School District) for the year ended June 30, 2023. Management of the School District is responsible for the School District's compliance with the specified requirements. Our responsibility is to determine the School District's compliance with the specified requirements based on our audit objectives.

### **Audit Summary**

Our performance audit of the School District's Special Purpose Local Option Sales Tax (SPLOST) for the fiscal year ended June 30, 2023 found the following:

- The School District has appropriately designed internal control procedures over the SPLOST expenditure transaction cycle and those controls have been placed into operation and are being followed.
- The School District has spent the SPLOST funds in accordance with O.C.G.A. §20-2-491 and the SPLOST resolutions passed March 21, 2017 and May 24, 2022 by the voters of Ware County.

### **Introduction**

Georgia Code Section 20-2-491 requires public school systems to obtain continuing performance audits for expenditure of sales tax for capital outlays if the tax generates \$5 million or more annually. The independent performance audit shall:

1. Include a goal of ensuring, to the maximum extent possible, that the tax funds are expended efficiently and economically so as to ensure that the School District receives maximum benefit from the dollars collected.
2. Provide for issuance of periodic reports, not less than once annually, with respect to the extent to which tax funds are expended efficiently and economically as described in item 1 above.
3. Provide for issuance of periodic public recommendations, not less than annually for improvements in meeting the goal specified in item 1 above.

The Special Purpose Local Option Sales Tax (SPLOST) is a referendum voted and approved by the Ware County voters in which one percent is added to the local sales tax for the purpose of funding building and renovation projects that would otherwise require financing through increased property taxes. SPLOST funds are also available for retiring general obligation bond debts incurred with respect only to capital outlay projects and to issue new general obligation bonds for specific capital outlay projects.

The School District works under the direction of the School Board and its superintendent. Projects selected for SPLOST funding are approved by the School Board. During fiscal years 2018 and 2022 the SPLOST V and SPLOST VI referendums were passed by the voters of Ware County. The maximum amount approved to be raised from the SPLOST V and SPLOST VI referendums are \$44,000,000.00 and \$50,000,000.00 respectively.

The SPLOST V funds will be used for the following purposes as outlined in the referendum:

“For the purpose of acquiring, constructing, and equipping capital outlay projects at all schools and facilities in the County, including Center Elementary, Memorial Drive Elementary, Ruskin Elementary, Wacona Elementary, Williams Heights Elementary, Ware Middle, Waycross Middle, Ware County High, DAFFODIL Pre-School Center, Ware County Learning Center, Memorial Stadium, Transportation Facility, Rifle Range, and Livestock Arena; system-wide equipment and systems including HVAC, security, and furnishings and equipment; instructional and administrative technology, infrastructure, hardware, equipment, software systems, , and technology licenses; acquisition of school buses, vehicles and related equipment; any necessary demolition, new construction or improvements to facilities including parking , paving, fencing and other land improvements; system-wide security upgrades and equipment; system-wide textbooks (including e-books); and other real and personal property including the acquisition of land, and construction of needed facilities and appurtenances of Ware County School District.”

The SPLOST VI funds will be used for the following purposes as outlined in the referendum:

“For the purpose of (i) acquiring, constructing, and equipping a new Waycross Middle School; (ii) acquiring, constructing, and equipping an Open-Air Multi-Purpose facility at Ware County High School; (iii) capital outlay projects at all schools and facilities in the County, including Center Elementary, Memorial Drive Elementary, Ruskin Elementary, Wacona Elementary, Waresboro, Williams Heights Elementary, Ware Middle, Ware County High, and DAFFODIL Pre-School Center; (iv) system-wide equipment and systems including HVAC, security, athletic facilities, and furnishings and equipment; instructional and administrative technology, infrastructure, hardware, equipment, software systems, and technology licenses; (v) acquisition of school buses and vehicles and any necessary demolition, new construction or improvements to facilities including parking, paving, fencing and other land improvements; (vi) system-wide security upgrades and equipment; system-wide textbooks (including e-books); and (vii) other real and personal property including the acquisition of land, and construction of needed facilities and appurtenances of the Ware County School District.”

## **Audit Objectives**

- Determine if SPLOST funds were spent in accordance with SPLOST Resolutions passed March 21, 2017 and May 24, 2022.
- Determine whether there is an effective means of monitoring program performance within a projected timeline, to evaluate the validity of expenditures, and to evaluate the timely completion of each project.

- Determine whether management of the School District is following Board approved procurement policies and procedures and ensuring to the maximum extent possible that the tax funds are spent efficiently and economically.

### **Audit Scope and Methodology**

We were engaged to conduct a performance audit of the SPLOST program. The audit focused on the School District's compliance with state and local laws and mandates and the receipts and expenditure of sales tax proceeds for allowable SPLOST purposes. This audit covers the year of the SPLOST program from July 1, 2022 to June 30, 2023. From a listing of disbursements made during the specified time frame, we tested 46 individually significant items totaling \$5,706,218.08. In addition, we tested a sample of the remaining population totaling \$246,917.52 which was comprised of 50 of 499 items. Debt payments in the amount of \$2,750,991.65 were verified to supporting documentation. In total, we tested \$8,704,127.25 or 84% of the total SPLOST disbursements for the audit period.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives.

We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

#### Planning

Prior to conducting the audit, we determined mutual expectations in performing the engagement and meeting timelines. We discussed policies and procedures, methodologies, and other relevant aspects of the School District's SPLOST program with relevant staff. We requested various schedules from the School District's staff and discussed with them the date the fieldwork was expected to begin.

#### Preliminary Analytical Review

The preliminary analytical review (PAR) provided direction to our audit approach. In this analysis, we developed expectations related to projects, program documentation, key personnel, program organization, and account balances and relationships among those account balances. During the audit, tests were designed to confirm the expectations developed during our PAR. We also performed a PAR to analyze the laws governing SPLOST funds and to identify in advance the critical audit risk areas.

#### Risk Assessment

Our audit approach is risk-based, whereby we assess risk for each identified objective. Depending on the risk assessment, we performed substantive or analytical procedures, or a combination of both, to test the related objectives. These assessments were made during the planning process and throughout the engagement.

#### Understanding the Control Environment and Test Key Controls

We examined the School District's internal controls related to the SPLOST program, focusing on formulating comments and suggestions for improving operations. We used a discussion memorandum format to document the relevant accounting cycles and processes from start to finish. Utilizing our understanding of the control environment, we walked through certain internal controls to provide further support for the audit.

### Preparation of a Tailored Audit Program

Based upon preliminary analytical review, control documentation and walk-through procedures, audit programs were designed in order for conclusions to be reached for each audit objective.
