#### INDEPENDENT AUDITOR'S REPORT

The Honorable Brian P. Kemp, Governor of Georgia

Members of the General Assembly of the State of Georgia

Members of the Board of Commissioners of the Superior Court Clerks' Retirement Fund of Georgia

and

Mr. Homer Bryson, Secretary-Treasurer

## **Report on the Audit of the Financial Statements**

## **Opinion**

We have audited the accompanying financial statements of the Superior Court Clerks' Retirement Fund of Georgia (Fund), a component unit of the State of Georgia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Fund as of June 30, 2023, and the changes in fiduciary net position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of

financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary Information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or provide any assurance.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 22, 2024 on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

A copy of this report has been filed as a permanent record and made available to the press of the State, as provided for by Official Code of Georgia Annotated section 50-6-24.

Respectfully submitted,

They S. Lligg.

Greg S. Griffin State Auditor

July 22, 2024

**BASIC FINANCIAL STATEMENTS** 

(A Component Unit of the State of Georgia)

# Statement of Fiduciary Net Position

June 30, 2023

(A Component Unit of the State of Georgia)

## Notes to Financial Statements

June 30, 2023

## **Note 1: Plan Description**

The Superior Court Clerks' Retirement Fund of Georgia (the Fund) was created in 1952 by the Georgia General Assembly to provide retirement benefits for clerks of the Superior Courts of Georgia and any clerk of State Court where that clerk is someone other than the clerk of Superior Court. The Fund administers a cost-sharing, multiple-employer defined benefit pension plan as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25.

The Fund is governed by its Board of Commissioners. The Board is comprised of the Governor of the State of Georgia or his designee; an appointee of the Governor other than the Attorney General; and five superior court clerks, of which at least one but not more than two are retired clerks receiving retirement benefits. The Board of Commissioners is ultimately responsible for the administration of the Fund.

## Eligibility and Membership

Individuals eligible to apply for membership in the Fund are defined in the *Official Code of Georgia Annotated* (O.C.G.A.) §47-14-40 and generally include all qualified and commissioned clerks of the superior courts of the counties of the State of Georgia.

As of June 30, 2023, participation in the Fund is as follows:

| Inactive plan members and beneficiaries currently receiving benefits | 164 |
|--|-----|
| Terminated members not yet receiving benefits, vested                | 1   |
| Active plan members  | 150 |
| Total  | 315 |

## Participating Employers and Other Contributing Entities

At June 30, 2023, the active members of the Fund were employed by 150 employers. The Fund also had one nonemployer contributing entity, which is the State of Georgia.

## **Retirement Conditions**

The Fund provides retirement as well as disability and death benefits. Benefit provisions and vesting requirements are established by statute and may be amended only by the State of Georgia General Assembly.

No clerk shall receive credit for any service unless payment of the required contributions for such service has been made. With the exception of disability benefits, benefit payments do not begin until the clerk attains the age of 55.

(A Component Unit of the State of Georgia)

#### Notes to Financial Statements

June 30, 2023

#### Normal Retirement:

A member with at least 12 years of service either as a clerk or deputy clerk shall receive retirement benefits, provided that at least 8 years of such service shall have been served as a clerk, and the member must have served continuously as a clerk for the 4 years immediately preceding retirement.

In computing service for normal retirement, a clerk may include up to 8 years of prior service as a chief deputy clerk of the Superior Court if the service was purchased at the time of application for membership. Under certain limited conditions, a member may also include not more than 4 years of service as a member of the armed forces of the United States if the service time was purchased at the time of application for membership. The statutory provisions dealing with deputy clerk service were amended by statute effective as of July 1, 2010.

## Disability Retirement:

A clerk may retire after completing 16 years of service, provided he/she becomes totally and permanently disabled after having commenced service as a clerk.

## Retirement Benefits

Beginning July 1, 2022, the normal and early retirement benefit rate was \$164.97. On January 1, 2023, the rate increased to \$167.44. Benefits for the fiscal year were calculated by multiplying the rate by the number of years of service, without a maximum service limit.

On June 30, 2019, disability benefits were fixed at \$2,600 per month for the service terms less than 20 years. Service terms greater than 20 years are calculated at normal rates. Under Georgia law benefits may be increased by 1.5% semiannually with approval of the Board of Trustees, if actuarially sound.

## **Optional Benefits**

A clerk may elect to receive an actuarially reduced benefit and at the death of the clerk, the surviving spouse would receive 50% of the clerk's original benefit as was calculated before the elected reduction. The survivor's lifetime benefits do not commence until the survivor has attained the age of 55. Should the spouse predecease the clerk or in the case of divorce, the clerk may revoke the election for spousal benefit by approval of the Board of Trustees.

## Death and Disability Benefits

A clerk who dies while currently serving in office is entitled to a death benefit of \$5,000. If a clerk dies before early retirement eligibility or is unmarried at the time of death, total contributions made into the Fund, without accumulated interest, are paid to the deceased clerk's estate.

(A Component Unit of the State of Georgia)

#### Notes to Financial Statements

June 30, 2023

If a clerk's death is after vesting but prior to retirement, any surviving spousal benefits would commence once the spouse attains the age of 55. The spouse must also have been married to the deceased clerk for at least 6 years immediately preceding the clerk's death. If the total member contributions, without interest, exceeds the total monthly benefits paid to a deceased clerk, and to the clerk's deceased spouse if applicable, such excess of dues is paid to the deceased clerk's estate.

## **Terminations**

In the event of termination, a clerk is entitled to withdraw the total sum of previous contributions made to the fund, excluding interest.

## **Contributions**

The Fund is funded by member and nonemployer contributing entity (Nonemployer) contributions. Contribution provisions are established by statute and may be amended only by the General Assembly.

*Member Contributions*: Member contribution requirements are set forth in O.C.G.A. §47-14-40 and are not actuarially determined. Each member must contribute \$50 per month. Members who first or again become members on or after September 1, 2009 shall pay \$100 per month.

Nonemployer Contributions: In accordance with O.C.G.A. §47-14-50 and §47-14-51, the State of Georgia provides nonemployer contributions to the Fund through the collection of court fines and fees, forfeitures, certain civil actions, and real estate recordings. For each civil case or criminal and quasi-criminal case involving the violation of State statutes which are tried in any court in Georgia for which the Clerk of Superior Court serves as clerk, the following fees are collected and paid to the Fund:

| For criminal and quasi-criminal cases | \$2    |
|---------------------------------------|--------|
| For civil cases                       | \$2    |
| For real estate filings               | \$0.50 |

The court fines, forfeitures, and fees are considered employer contributions for the purpose of determining whether the Fund has met minimum funding requirements specified in O.C.G.A. §47-20-10. This statute also prohibits any action to grant a benefit increase until such time as the minimum annual contribution requirements meet or exceed legislative requirements. The actuarial valuation as of June 30, 2022, calculated the minimum employer contribution for the fiscal year ended June 30, 2023, as \$1,066,444. The court fines, forfeitures, and fees revenue of \$3,011,088 for the fiscal year ended June 30, 2023, meets the minimum required fund contribution.

(A Component Unit of the State of Georgia)

Notes to Financial Statements

June 30, 2023

## Administrative Expenses

Administrative expenses are generally funded from current member and court fines, forfeitures, and fees contributions. Investment earnings may be utilized to fund any expenses in excess of contributions.

# Note 2: Summary of Significant Accounting Policies and Plan Asset Matters

## Basis of Accounting

The Fund's financial statements are prepared on the accrual basis of accounting, except for the collection of contributions, which are recognized when collected from the members and the courts. Any accrual of these contributions would be immaterial to the Fund's financial statements. Retirement and refund payments are recognized as deductions when due and payable.

## Reporting Entity

The Fund is a component unit of the State of Georgia; however, it is accountable for its own fiscal matters and presentation of its separate financial statements. The Fund has considered potential component units under GASB Statements No. 61, *The Financial Reporting Entity's Omnibus – an amendment of GASB Statement No. 14 and No. 34*, and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and determined there were no component units of the Fund.

## Cash and Cash Equivalents

Cash and cash equivalents, reported at cost, include cash in banks, cash on deposit with the investment custodian earning a credit to offset fees; and short-term highly liquid financial securities with original maturities of three months or less from the date of acquisition.

## **Investments**

Investments are reported at fair value. Equity securities traded on a national or international exchange are valued at the last reported sales price. Fixed income securities are valued based primarily on quoted market prices provided by independent pricing sources. Investment income is recognized as earned by the Fund. There are no investments in, loans to, or leases with parties related to the Fund.

The Fund utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as credit, interest rate, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

(A Component Unit of the State of Georgia)

## Notes to Financial Statements

June 30, 2023

The Fund maintains an investment policy that may be amended by its Board of Commissioners both upon its own initiative and upon consideration of the advice and recommendations of its investment consultant. There were no significant changes in the investment policy for the Fund during the fiscal year.

The Fund's policy for the allocation of invested assets is established on a cost basis in compliance with State law. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension plan. The following was the Fund's adopted asset allocation policy as of June 30, 2023:

| Asset Class  | Target Allocation |
|--------------|-------------------|
| Fixed income | 50%               |
| Equities     | 50%               |
| Total        | 100%              |

At June 30, 2023 approximately 23.9% of the investments held in trust for pension benefits are invested in debt securities of the U.S. government and its instrumentalities, of which 14.4% are U.S. government debt securities and 9.5% are debt securities of the U.S. government instrumentalities. The Fund has no investments in any one organization, other than those issued by the U.S. government and its instrumentalities that represent 5% or more of the Fund's net position restricted for pensions.

For the year ended June 30, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 7.37%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

## Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of fiduciary net position and changes therein. Actual results could differ from those estimates.

## New Accounting Pronouncements

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. This statement's objective is to improve financial reporting by addressing issues related to partnership arrangements. The statement also provides guidance for accounting and financial reporting for availability payment arrangements. There are no applicable reporting requirements for the Fund related to this statement.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITA). This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. There are no applicable reporting requirements for the Fund related to this statement.

## **Note 3: Investment Program**

The Fund maintains sufficient cash to meet its immediate liquidity needs. Cash not immediately needed is invested as directed by the investment policy of the Fund. All investments are held by agent custodial banks in the name of the Fund. State law and the Fund's investment policy authorize the Fund to invest in a variety of short-term and long-term securities.

## Cash and Cash Equivalents

The carrying amount of the Fund's operating account totaled \$79,966.24 at June 30, 2023, With an actual bank balance of \$84,966.24. The Fund's cash balance is fully insured through the Federal Deposit Insurance Corporation, an independent agency of the U.S. Government.

The carrying amount of the Fund's cash balances maintained within an investment account is \$2,823,391.43 at June 30, 2023. This balance includes \$2,541,535.56 which is uncollateralized and \$250,000 which is fully insured through the Securities Investors Protection Corporation, an independent agency of the U.S. Government. This balance also includes \$31,855.87 which is held in British Pounds and is uncollateralized.

#### **Investments**

Fixed income investments are maintained in mutual funds, exchange-traded funds, municipal bonds, U.S. Treasury obligations, obligations issued by agencies of the U.S. Government, obligations of foreign governments, investment-grade corporate bonds, asset-backed securities, and mortgage-related securities.

(A Component Unit of the State of Georgia)

#### Notes to Financial Statements

June 30, 2023

Equity investments are maintained in mutual funds, domestic equities, international equities, and real estate investment trusts. Domestic equities are those securities considered by the O.C.G.A. to be domiciled in the United States. International equities will be a diversified portfolio including both developed and emerging countries. These securities are not considered by the O.C.G.A. to be domiciled in the United States.

The equity portfolio is managed by the Fund in conjunction with independent advisors. Buy/sell decisions are based on securities meeting rating criteria established by the investment policy of the Fund. Equity trades are approved and executed by the independent advisors. Common stocks eligible for investment must meet the Objectives and Guidelines of the Fund's investment policy. State law limits the total investment in equity securities to 75% of the total invested assets calculated on a historical cost basis.

## Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the Fund. State law limits investments to investment-grade securities. The Fund's investment policy requires that purchases of bonds be restricted to bonds rated as investment grade or better as defined by a nationally recognized rating agency. Obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government are not considered to have credit risk and do not require disclosure of credit quality.

(A Component Unit of the State of Georgia)

## Notes to Financial Statements

June 30, 2023

The quality ratings of investments in fixed income securities at June 30, 2023, as described by Standard & Poor's, which is a nationally recognized statistical rating organization, are shown in the following table:

|   |    | Total Fair |           |         |           |            |         |            |

| Total Debt Securities Subjecto Interest Rate Risk | t<br>\$_ | 52,179,992          |                       | 318,447          | 11,539,389  | 7,047,633    | 33,274,523            |  |  |  |

## Concentration of Credit Risk

Concentration of credit risk is the risk of loss that may be attributed to the magnitude of the Fund's investment in a single issue. The Fund's concentration of credit risk policy is that the securities of any one company or government agency should not exceed 5% of the total fund. On June 30, 2023, the Fund did not have debt investments in any one organization, other than those issued or guaranteed by the U.S. Government or its agencies, which represented greater than 5% of the plan's total investments.

(A Component Unit of the State of Georgia)

#### Notes to Financial Statements

June 30, 2023

## Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment. The Fund's currency risk exposures, or exchange rate risks, primarily reside within the Fund's international investment holdings. The Fund does not have a formal policy for managing foreign currency risk. As of June 30, 2023, the Fund's exposure to foreign currency risk in U.S. dollars, is highlighted in the following table:

#### International Investment Securities at Fair Value as of June 30, 2023

Currency Denomination

**British Pound** 

Investment Type:

| Cash and Cash Equivalents           | \$<br>31,856 |
|-------------------------------------|--------------|
| Equity Mutual Funds - International | 7,742,826    |
|                                     |              |

Total \$ 7,774,682

#### Fair Value Measurement

The Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the inputs used in valuation and gives the highest priority to unadjusted quoted prices in active markets and requires that observable inputs be used in the valuations when available. The disclosure of fair value estimates in the hierarchy is based on whether the significant inputs into the valuation are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest level, Level 1, is given to unadjusted quoted prices in active markets and the lowest level, Level 3, to unobservable inputs. These guidelines recognize a three-tiered hierarchy, as follows:

Level 1 – Valuations based on unadjusted quoted prices for identical instruments in active markets.

Level 2 – Valuations based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instrument in markets that are not active; and model-derived valuations in which all significant inputs are observable.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each investment.

(A Component Unit of the State of Georgia)

## Notes to Financial Statements

June 30, 2023

The following table shows the fair value leveling of the Fund's investments:

## **Investments Measured at Fair Value as of June 30, 2023**

|                                       |    |             |    | Fair value measures using |    |             |              |  |
|---------------------------------------|----|-------------|----|---------------------------|----|-------------|--------------|--|

Equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

Debt securities classified in Level 2 are valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features and ratings. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. These securities have nonproprietary information that was readily available to market participants, from multiple independent sources, which are known to be actively involved in the market.

The Fund did not have any Net Asset Value (NAV) investments at June 30, 2023.

(A Component Unit of the State of Georgia)

## Notes to Financial Statements

June 30, 2023

## **Note 4: Net Pension Liability of Employers and Nonemployers**

The components of the collective net pension liability of the participating employers and nonemployers at June 30, 2023, were as follows:

| Total pension liability       | \$ | 114,863,904   |
|-------------------------------|----|---------------|
| Plan fiduciary net position   | -  | (124,841,048) |
| Net pension liability (asset) | \$ | (9,977,144)   |

Plan fiduciary net position as a percentage of total pension liability

108.69%

## Actuarial assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2022, with update procedures used to roll forward the total pension liability to June 30, 2023. The roll forward calculation adds the normal cost (also called service costs), subtracts the actual benefit payments and refunds for the plan year, and then applies the discount rate for the year. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50% Salary increases N/A

Investment rate of return 5.25%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 Mortality table projected generationally using the MP-2021 mortality improvement scale.

(A Component Unit of the State of Georgia)

## Notes to Financial Statements

June 30, 2023

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense, and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected geometric real rates of return by the target asset allocation percentage and then adding expected inflation. The long-term assumed investment rate of return of 5.25% was reviewed by the Fund's actuary for reasonableness and adopted by the Board.

| Target<br>allocation | Long term expected real rate of return* |
|----------------------|---|
| 50 %                 | 1.1 %                                   |
| 10                   | 6.0                                     |
| 10                   | 6.4                                     |
| 25                   | 5.7                                     |
| 5                    | 6.6                                     |
| 100 %                |   |
|                      | 10 10 25 5                              |

<sup>\*</sup> Rates shown are net of inflation

#### Discount Rate

The discount rate used to measure the total pension liability was 5.25%. The projection of cash flows used to determine the discount rate assumes revenues will remain level. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## Notes to Financial Statements

June 30, 2023

Sensitivity of the net pension liability to changes in the discount rate

The following table presents the net pension liability of the Fund, calculated using the discount rate of 5.25%, as well as what the Fund's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.25%) or 1-percentage-point higher (6.25%) than the current rate:

|                               |    | 1%        | Current       | 1%           |

## Note 1: Schedule of Employers' and Nonemployers' Net Pension Liability

The components of the net pension liability as of the fiscal year end and the fiduciary net position as a percentage of the total pension liability as of that date are presented in this schedule. This trend information will be accumulated to display a ten-year presentation.

## Note 2: Schedule of Changes in Employers' and Nonemployers' Net Pension Liability

Net pension liability which is measured as the total pension liability less the amount of the fiduciary net position is presented in this schedule. This trend information will be accumulated to display a ten-year presentation.

## **Note 3: Schedule of Employer and Nonemployer Contributions**

The schedule presents the required contributions and the amounts actually contributed.

#### **Note 4: Schedule of Investment Returns**

The schedule presents historical trend information about the annual money-weighted rate of return on plan investments, net of plan investment expense. This trend information will be accumulated to display a ten-year presentation.

## **Note 5: Actuarial Methods and Assumptions**

*Benefit changes:* Effective January 1, 2023, the monthly benefit multiplier was increased by 1.5% from \$164.97 to \$167.44. In addition, a 1.5% cost of living adjustment was granted to retirees and surviving spouses effective January 1, 2023.

Effective July 1, 2023, the monthly benefit multiplier was increased by 1.5% from \$167.44 to \$169.95. In addition, a 1.5% cost of living adjustment was granted to retirees and surviving spouses effective July 1, 2023.

*Changes of assumptions:* The mortality improvement scale was updated from the PUB-2010 Scale to the MP-2021 Scale with the following adjustment by status:

Active Members: Sex Distinct Headcount Weighted General Employees Table

Non-Disabled Retirees: Sex Distinct Amount Weighted General Healthy Retiree Table

Contingent Survivors: Sex Distinct Amount Weighted Contingent Survivor Table

Disabled Retirees: Sex Distinct Amount Weighted Disabled Retiree Table

(A Component Unit of the State of Georgia)

Notes to Required Supplementary Information

June 30, 2023

(Unaudited)

Methods and assumptions used in calculations of actuarially determined contributions: The following actuarial methods and assumptions were used to determine the most recently calculated actuarially determined contribution reported in the Schedule of Employer and Nonemployer Contributions:

Valuation date June 30, 2022

Actuarial cost method Aggregate Actuarial Cost Method

Amortization method N/A Remaining amortization period N/A

Asset valuation method Market Value

Inflation rate 2.5% Salary increases N/A

Investment rate of return 5.25%, net of pension plan investment expense

Active retirement rates are based on the results of an experience study covering the 5-year period ending June 30, 2015. The rates of retirement are shown below.

| Age     | Rate |
|---------|------|
| 55 - 59 | 30%  |
| 60 - 64 | 15%  |
| 65 - 69 | 10%  |
| 70+     | 100% |

SECTION II – REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Brian P. Kemp, Governor of Georgia Members of the General Assembly of the State of Georgia Members of the Board of Commissioners of the Superior Court Clerks' Retirement Fund of Georgia and

Mr. Homer Bryson, Secretary-Treasurer

We have audited the financial statements of the Superior Court Clerks' Retirement Fund of Georgia (Fund), a component unit of the State of Georgia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated July 22, 2024. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Fund's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

They S. Duff

Greg S. Griffin State Auditor
